IT ACTS UPON THE SKIN,
producing a free and copious, discharge of all foul humors
secreted in this organ.

FESTERING SORES.

The most repulsive sores and eruptions are instantly relieved frem irritation and quickly removed from the skin.

HOW RADWAY'S RENOVATING RESOLVENT CURES
CONSUMPTION.

CONSUMPTION.

To cure Consumption we must stop decay and rebuild and heal the worn-out organs of the system that disease has con-

sumed.

We must treat every organ in the system, for the Lungs are not the only organs affected. It affects the Liver, the Heart, the Kidneys, Bladder, and Pancreas; and, in fact, every organ in the body is more or less tainted with decomposition and decay.

THE LUNGS

ARE THE BREATHING APPARATUS OF THE SYSTEM.

When the Lungs are in a state of decay they are unable to receive or emit the necessary amount of air requisite to sustain life. The greater the atmospheric pressure upon the air-cells, the more painful, irritable, and suffocating is the weight upon the lungs.

THE GLANDS

come swollen from the irritation and inflammation of ULCERS AND LUMPS IN THE THROAT

ULCERS AND LUMPS IN THE THROAT are formed from unhealthy deposits, which the lungs are unable to eject without the sid of powerfal emetics, and the Liver too weak and feeble to secrete.

PUS

becomes deposited in the bronchial tubes; it hardens, and is formed into lumps, which ulcerate, suppurate, and discharge THE AIR-CELLS

are closered, and the restrictory organs checked, so that

THE AIR-CELLS
are clogged, and the respiratory organs checked, so that
breathing is rendered oppressive and exceedingly difficult.
RADWAY'S RENOVATING RESOLVENT THE LUNGS. THE LUNGS.

It will heal, strengthen, and remove from them all diseased deposit, cleaning the sir-cells from all diseased humors.

REMOVES FROM THE GLANDS

REMOVES FROM THE GLANDS

DR. JOHNSTON
PROCLAIMS TO THE AFFLICTED
That he has discovered the most certain, speedy and efficacious plan of treating
SECRET DISEASES
SECRET DISEASES
BY THE PROPERTY OF that has ever yet been presented to the world. By his plan, founded on observation made in the Hospitals of Europe and America, he will insure.

A CURE IN TWO DAYS,

No Mercury or Nauseous Drugs used.

No Mercury or Nauseous Drugs used.

Weakness, Loss of Organic Powers, Pains in the Loins, Disease of the Kidneys, Affections of the Head, Throat, Nose and Skin, Constitutional Debility, and all those horris affections arising from a Certain Secret Habit of Youth, that solitary practice, more fatal to its victims than the song of the Syrens to the mariners of Ulysses—blighting their most brilliant hopes or anticipations, rendering Marriage, etc., impossible.

A CURE WARRANTED, OR NO CHARGE.

impossible.

A CURE WARRANTED, OR NO CHARGE.

Young Men especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

Office, No. 7 South Frederick street, Baltimore, Maryland, on the left hand side, going from Baltimore street, seven doors from the corner. Be particular in observing the name and number, or you will mistack the place.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the cars and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

or sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by private and improper indulgences, that secret and solitary habit, which rule both body and mind, unfitting them for either business or society.

These are some of the sad and meiancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c., &c.

Mentally.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.

Weakness of the system, Nervous Debility and premature decay generally arise from the destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its Victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often missled with respect to the cause or source of disease in their sons and wards. Alas; how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsis, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption; also those serious Mental effects, such as loss of Memory, Depression of Spirits, or peculiar fits of Melancholy, when the truth is, they have been caused by indulging in Pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their Country, a pleasure to their friends, and ornaments to Society.

DR. JOHNSTON'S INVIGORATING REMEDY FOR OR.

from existence thousands who might have been of use to their Country, a pleasure to their friends, and ornaments to Society.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEARNESS.

This grand and important Remedy has restored strength and vigor to thousands of the most debilitated individuals, many who had lost all hopes, and been abandoned to die. By its complete invigoration of the Nervous System, the whole faculties become restored to their proper power and functions, and the fallen fabric of life is raised up to beauty, consistency and duration, upon the ruins of an emaciated and premature decline, to sound and pristine health. Oh, how happy have bundreds of misguided youths been made, who have been suddenly restored to health from the devastations of those terrific maladies which result from indiscretion! Such persons, before contemplating

MARRIAGE,

should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without this, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own. Let no false delicacy prevent you, but apply immediately.

He who places himself under the care of Dr. Johnston may religiously confide in his honor as a Gentleman, and confidently rely upon his skill as a Physician.

TO STRANGERS.

The many thousands cured at this institution within the last ten years, and the numerous important Surgical Operations performed by Dr. J., witnessed by the Reporters of the papers and many other persons, notices of which have appeared again and again before the public, is a sufficient guaranty that the afflicted will find a skilful and honorable physician.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his eard to suverge before the public deeming it nure.

Physician.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise; but unless he did so, the afflicted, especially strangers, could not fail to fall into the hands of those imprudent, boasting jupostors—individthe bands of those imprudent, boasting impostors—individuals destitute of knowledge, name, and character—pediars, shoemakers, mechanics, &c., advertising themselves as physicians; ignorant quacks, who keep you trifling month after month, as long as possible, and in despair leave you with ruined health to sigh over your galling disappointment. It is this motive alone that induces Dr. Jt. to advertise, for healone can cure you. To those unacquainted with his reputation he deems it necessary to say, that his credentials or diplomas always hang in his Office.

Weakness of the Organs immediately cured, and full vigor restored.

Protection from Lightning.

The undersigned, being the duly appointed Agent of Spratt's Electronex And Electro-Metallurant Lightning. Agent of Spratt's Electronex, Covington, Kentucky, begs to offer these superior Rods, of Spiral-twisted, Carbonized Annealed Iron, with Zinc Protectors, and Electro-positive elements combined in their manufacture: thus rendering them equal to copper as conductors. They are in ten-feet lengths, with accurately-fitted brass-serve connecting joints, an entire new style of metallic (patented) attachments, for brick or frame buildings; also, glass isolaters, of a novel and ingenious construction, (patented,) forming a lock; the whole mounted with a solid platinum silver point, (patented,) twelve inches long, surrounded at the base with three angular negative magnets, which possess the power, to an extraordinary extent, of discharging the opposite elements of the most fearful thunderstorm, and embrace the entire perfection of science up to the present time; the whole constituting the most magnificent and perfect silent conductor ever presented to the public.

Safety has not been compromised by affording these excellent rods at such low rates; the greatest attention has been given to their construction, so as to be readily attached. The astonishing power of the negative magnets, in discharging the sir of its opposite elements, has been clearly demonstrated by the Electrometer, when unmagnetized points have shown but slight results, though placed under the same conditions. In fact, they gather and silently discharge electricity from the atmosphere when you would scarcely suspect any being present.

These improvements being secured by double letters pa-

shaped any being present.

These improvements being secured by double letters patent, you are hereby cautioned against laying yourselves liable, by purchasing of those who are not authorized, or who are substituting interior imitations. All agents duly appointed can show their certificates. Have good rods or none.

CHARLES W. HEYDON, Washington City.

Washington City.

I do hereby certify that I have app lied various powerful chemical resigents to Spratt's Patent Points for Lightning-Rods, and that the results of these experiments convinee me that they will resist the action of atmospheric causes, and thereby preserve the extremity sharp—a condition most essential to protection against lightning. The resignsts used in the above experiments were a solution of chloride of sodium, (common salt.) acetic acid, sulphuric acid, and hydrochloric acid. With the first, there was no action on the metal; with the several acids, there was no action on the metal; with the several acids, there was very slight—a fact sufficient to show that atmospheric influences would have no sensible effect.

JOHN LECONTE. Prof. of Nat. Phil. et Chem.

UNIVERSITY OF GA., October S, 1850.

The Lightning Conductors of Mr. Spratt, offered to me, are well calculated to perform the office for which they are intended. Yours, truly.

CHICAGO, September 3, 1850. Chicago, September 3, 1850.

This may certify that I have examined, somewhat critically, James Spratt's Patent Lightning Rods, and that I am

rally, James Spratt's Patent Lightning Rods, and that I am of opinion that it is constructed on scientific principles. For combining durability, cheapness, and efficacy, I deem it equal, and I think superior, to any other red ever offered for my inspection.

Accusta, (Ga.) November 11, 1850.

This will certify that I have examined the Lightning Rods, Metallic Points, and Isolating Attachments, manufactured by Mr. Spratt, and regard them as constructed in conformity to the general laws of the electric fluid; and the metallic compound constituting the Points, as promising, from the result of several tests to which they were submitted, to resist for years the action of those atmospheric causes most likely be corrode them.

A. MEANS,

Prof. Phys. Sc., Emory College, Ga., and Prof. Chem. and Pharm., Medical College, Ga.

The Lightning Conductors put up by Mr. Henry M. Smith, of this city, on the plan of Mr. Spratt, appear to me to be very well devised; and, in point of mechanical construction, are the best I have ever seen.

It is to be hoped that the use of these Rods may become general, as an important auxiliary defence against a danger

general, as an important auxiliary defence against a danger which must be regarded as of no ordinary magnitude, to which all buildings are liable.
